EXPERIENCE + VOLUNTEERING

September 2023 - February 2024

LC (Life Choices) Studio

At LC Studio I have undertaken several courses such as the AWS Cisco where I have attained badges for each completion. Below are a few duties I have performed as an intern at LC Studio;

- SRUM projects
- Team cohesion
- Meeting minutes
- Website development

2020 - present

An active member of the Ishraaq Youth Group

I would attend the youth camp hosted by Musjidul Ishraaq and as a youth leader here are the following duties I would perform to the best of my ability;

- Team building
- Managing the youth
- Communication
- Time management

ABOUT ME

My passion lies in the Web-Development industry. Alongside my academic pursuits, I am a sports enthusiast, always striving to be active. I have a keen interest in technology and gadgets, stemming from a young age. Driven by my passion, I am committed to continuous learning, always open to new ideas and perspectives. Working with people is something I enjoy, as I find motivation in learning from and interacting with others.

EDUCATION

April 2023 - September 2023

Life Choices Academy

Completed an intensive coding full-stack web-development 6-month course.

- Built fully functional websites such as a personal portfolio and as well as e-commerce
- Worked on a Node.js project with a peer showcasing team cohesion
